

# DRINKING WATER NOTICE

## Monitoring requirements not met for Sheffield Village PWS

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During the 2022 Annual time period we did not monitor for the following contaminants and therefore cannot be sure of the quality of our drinking water during that time: Disinfection By-Products.*

### What Should I Do?

This notice is to inform you that Sheffield Village PWS did not monitor and report results for the presence of the contaminants listed above in the public drinking water system during the 2022 Annual time period, as required by the Ohio Environmental Protection Agency. You do not need to take any actions in response to this notice.

### What Is Being Done?

Upon being notified of this violation, the water supply was required to have the drinking water analyzed for the above mentioned parameters. The water supplier will take steps to ensure that adequate monitoring will be performed in the future.

A sample was (will be) collected on 11/21/2022.

Sample results and additional information may be obtained by contacting Sheffield Village PWS at:
