

Sheffield Village Fire Department Residential Lock Box Application

- Enables medical help if you are unable to open the door
- Provides immediate emergency entry
- Prevents costly forced entry damage
- Re-secures undamaged doors after emergency.
- Protects safety personnel against injury
- Pays for itself the first time the system is used

Over 5,000 police and fire departments rely on a key box system to enter property quickly and safely during emergency responses. Security box devices are purchased for the property owner and mounted by the Sheffield Village Fire Department near the building entrance. The lock box holds a key to that entrance and only the emergency service vehicles carry keys to open lock boxes

Please complete this application, attach a check for \$30.00 made payable to Sheffield Village, and mail to Sheffield Village Hall, Re: Lock Box Program. 4820 Detroit Road, Sheffield Village, Ohio 44035. The Fire Department will contact you and set up a time to install the unit.

The undersigned hereby authorizes the Village of Sheffield to install a lock box at a location determined by the Village. The undersigned further grants permission to Sheffield Village Fire Department personnel to enter the home in case of an emergency as determined by the Sheffield Village Fire Department.
